To: Mark Rounds
Subject: Re: FW: La Mirada Ring.com Rebate Program

this is our reply for residents. Do you want to update your social accordingly?

Thank you for your interest in the La Mirada Ring Rebate Program. The subsidy limit has been reached. The first 200 codes redeemed at checkout have been honored. If you have received a code but have not redeemed it, it will unfortunately no longer be valid. If you have questions please refer to the original announcement. Please check the city's website for updates on future opportunities.
We appreciate your interest in Ring! For real time crime and safety alerts download neighbors by Ring here. You do not need a Ring Device to join the conversation.
Best,
The Ring Neighborhoods Team

To: Mark Rounds
Subject: Re: La Mirada

Hi Mark,

350 codes were distributed, 200 on Saturday, 50 on Sunday, 50 on Monday. We consistently tracked redemption to ensure that we did not go over. The verification map was built in mapping software. We overlay all address into this map to ensure they fall within the boundary. Zero people did not pass verification of the 350 that we verified.

Thank you,

Stacey

Subject: Ring + La Mirada Subsidy Codes
Reply-To: lamirada@ring.com

Thanks for filling out the form. Please refer to the information below to complete your checkout.

Codes are first come, first serve: Please use your \$100 off code as soon as possible to take advantage of the subsidy discount. Receiving a code does not guarantee a discounted device as there are a limited amount of devices available for the program. Codes are valid for a single use only.

Using the code: You can complete your purchase on www.ring.com. The discount code can be applied to any applicable Video Doorbell and/or Security Camera (except bundles). See terms in the official [press release](#).

Code Information:

\$100 off retail price for (1) of the select devices: **NBSB-LM-nnv65m**

\$30 off retail price for up to (2) additional devices: **NBSB-LM30-waefeh**

20% off retail price for up to (3) accessories: **NBSB-LM20-88y8jm**

Please make a separate transaction for each code. If you have any comments, questions, or a code isn't working, please let me know and I will assist.

Subject: Re: La Mirada

Hi Mark,

It was nice speaking with you earlier today. I am glad that the city of La Mirada is interested in a second round of funding with Ring. I have requested a contract and will send it over to you as soon as possible. I have that your maximum amount of funding will be \$10,000 which will give 200 residents a \$100 off discount on the products mentioned in the agreement. We have added a couple of our newer products such as the Doorview Cam and the new Stick Up Cam as well as our alarm, so residents have a few more options this time around.

I had a few questions for you. It is unclear to me if you would like to launch online or with an event. If we launched with an event, the Ring team would come up and set up a temporary pop-up shop in your community for a couple hours. Residents who attend would be verified by the city, and then would be able to purchase on site and leave with the product of their choice. Events that do not sell out move to the online system. The way we handle online subsidies is through an application form which the city posts. The Ring team then verifies the applicants for residency and emails residents a code to redeem on Ring.com. Both options are a great! A combo of both can be done or you can do just the online portion.

I would also like to know if you are allowing residents who participated last round to participate again or if these people are now ineligible. If that is the case, we would need to know prior to launch to ensure we don't hand out any second discounts. We also want to make sure when we market this program that that is clear to those residents.

Finally, once the contract is complete, I'd like to know if your city manager would sign through docusign aka electronic signature or if you require a wet signature. Either is fine with us, we just like to know. If you are going to go through docusign, we will at some point need Jeff Boynton's email address so that he can sign electronically.

I have Phil Dienstag on copy here too. He will be handling subsidy partnerships. I will likely be your primary POC since this is a second round, but I do head out on maternity leave after Labor Day so I wanted to make sure you had someone else at Ring to contact.

Thank you for your partnership.

Stacey
